

GuardQuest PRO

WIDMER

**GUARD TOUR VERIFICATION SYSTEM
PREVENT AND PROTECT**

Components:

- M6000 Recorder.
- P6000 Download Cradle RS232 – USB.
- Recording Stations.
- Incident Booklet Keypad 9999 messages.
- Casing Security Key.
- Guard / Supervisor ID Keys and Badges.
- T6000 Portable Download Platform.
- *GuardQuest* Pro and *GuardQuest* Basic Programs.

M6000 Applications

- Guard Tour Verification
- Domiciliary Medical Services Tracking
- Portable Time & Attendance
- Job Costing
- Service & Maintenance Tracking (Employee / Job)
- Asset Tracking (Transports & Equipment).

M6000 Recorder Features - 1

- A Brass Head Probe can be implemented for explosive environments.
- Battery life 500,000 Recordings, 3 AAA batteries.
- Non volatile memory (NVO RAM), capacity 5460 Recordings.
- Self powered Maxim/Dallas Real Time Clock keeps date, time and data in the absence of power for 10 years.
- Operating Temperature -40° to 85°C
- Components are hand soldered to its through-hole board, “more resistant to impacts than surface mount soldering”.

M6000 Recorder Features - 2

- Casing Top is locked by two Torx® security screws.

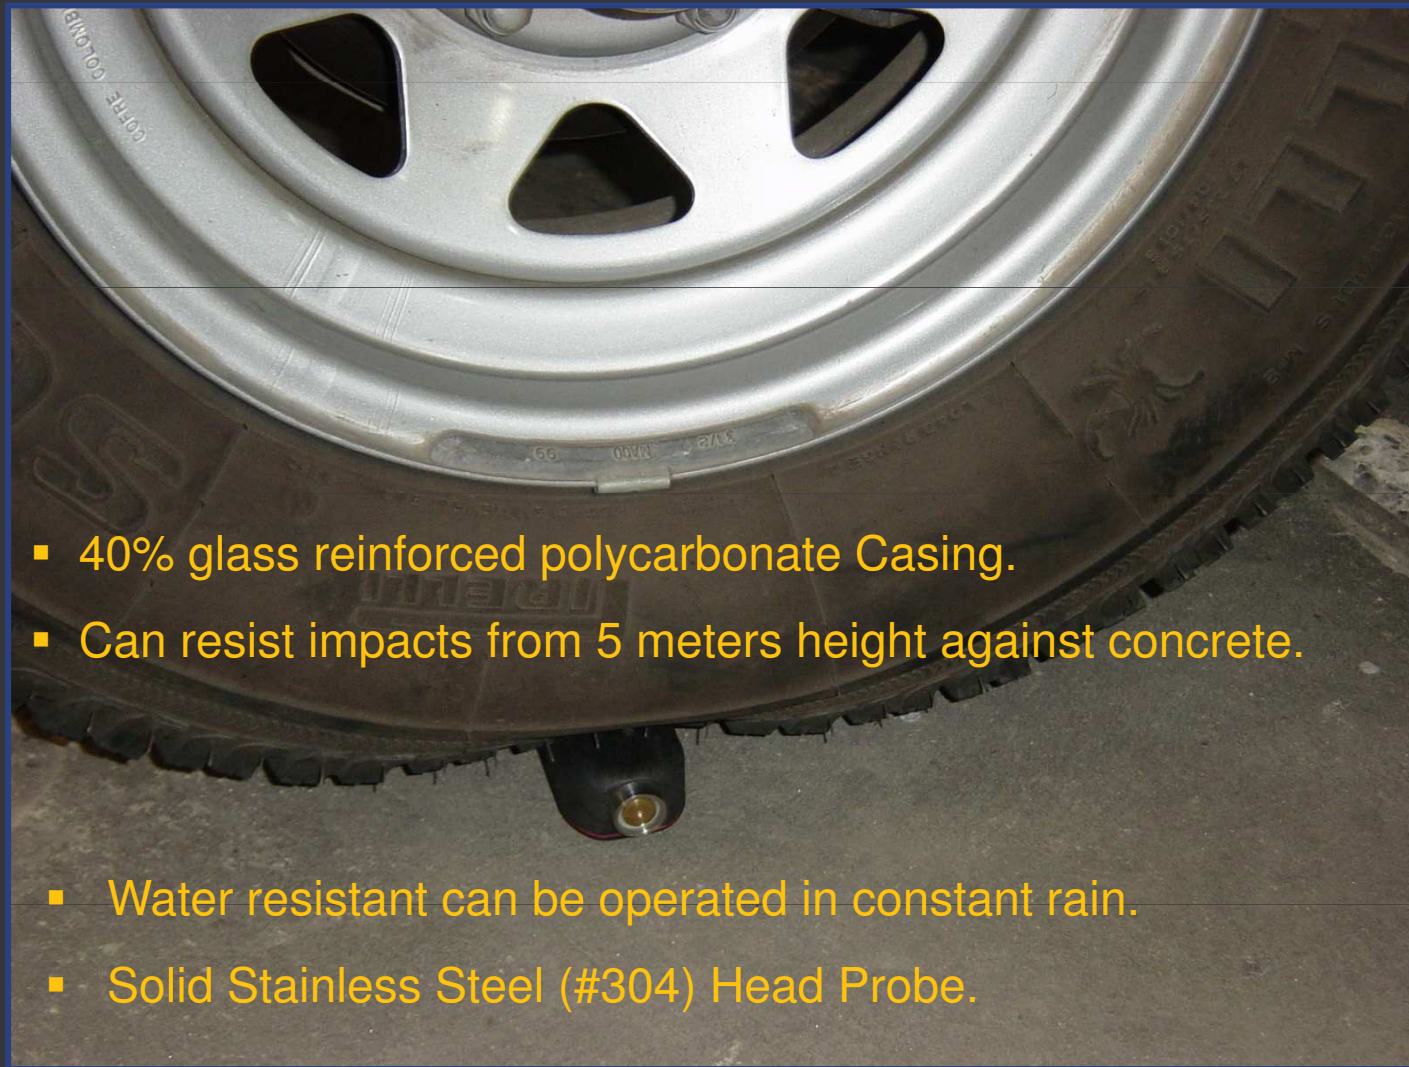

M6000 Recorder Features - 3

- Light and easy to carry, Weight 150 grams (5.3 oz.),
- Length 3.88" (98.5 mm), Width 1.9" (48.0 mm), Height 1.36" (34.5 mm).

M6000 Recorder Features - 4

- 40% glass reinforced polycarbonate Casing.
- Can resist impacts from 5 meters height against concrete.
- Water resistant can be operated in constant rain.
- Solid Stainless Steel (#304) Head Probe.

Special for harsh environments where grease, grind, dust, rough handling, impacts and extreme humidity are.....
Commonplace!

P6000 Download Cradle

- Low cost, small, simple and easy to use Download Cradle.
- One wire protocol to RS232 serial port or with USB adaptor.
- Rugged Polycarbonate casing.
- External power source not required.

T6000 Portable Download Platform (Transfer)

- Same circuitry and casing features as the M6000 iButton Reader.
- Several M6000 Recorders can be downloaded into this portable device (21,000 Recordings).
- Special for field supervisors.

Heavy Duty Incident Messages Booklet

- iButtons are securely riveted into its polycarbonate chassis.
- Light and easy to carry, can fit in shirt pocket.
- Low cost as it can use Ds1990A-F5 iButtons.
- Special for Outdoors.
- Simple, easy to assign and operate.
- Capability 9999 messages.

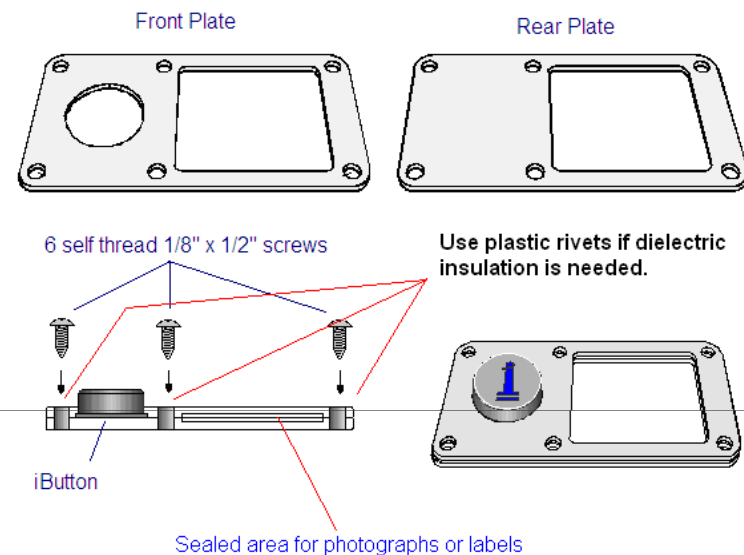

Heavy Duty iButton holders (site recording stations)

- For outdoors and explosive environments the iButton based recording stations have two polycarbonate plates, a front plate and a rear plate (dielectric), this isolates the iButton from the surface to which it is mounted, (no spikes).

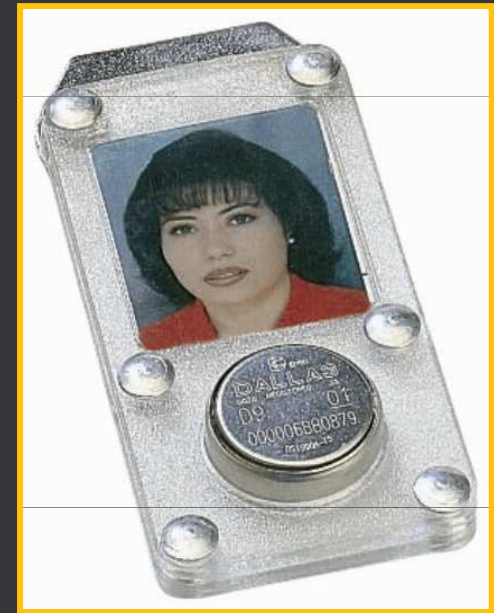

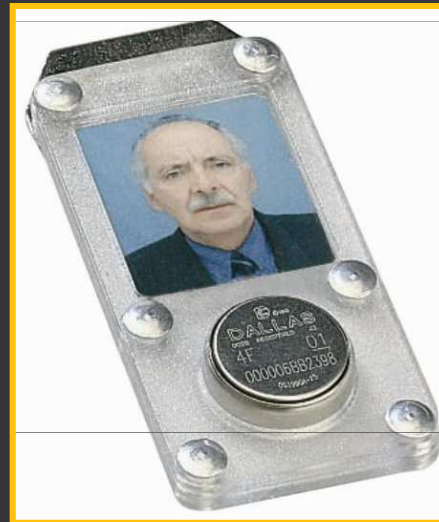

Polycarbonate Plates for:
Recording Station Mounts (with self thread screws).
Heavy Duty Supervisor Badges (with rivets and metal plate).

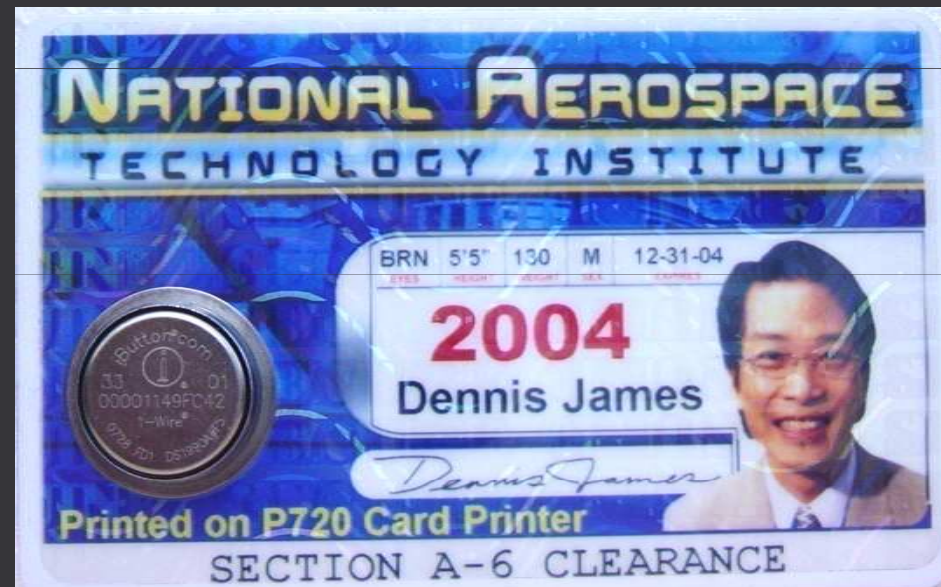

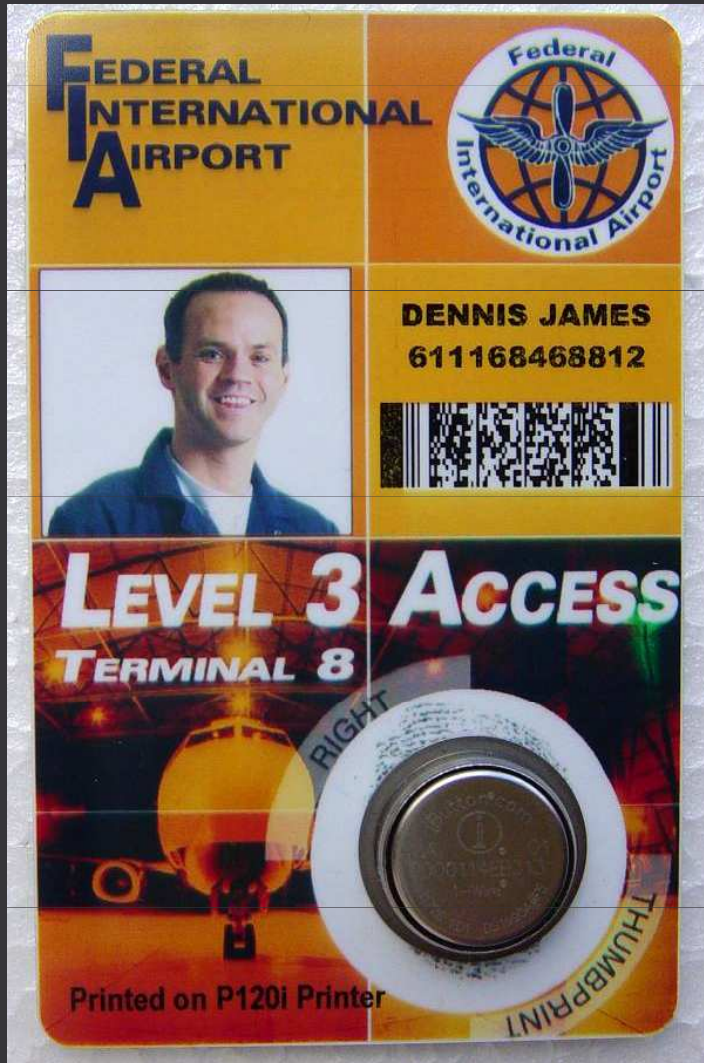

iButton Badge

- A heavy duty iButton Badge can be implemented with the said polycarbonate plates; it carries a special cavity to securely insert a photograph; can be mounted with a clothing clip or inserted into a key ring.

Metal Rings for Plastic Badges

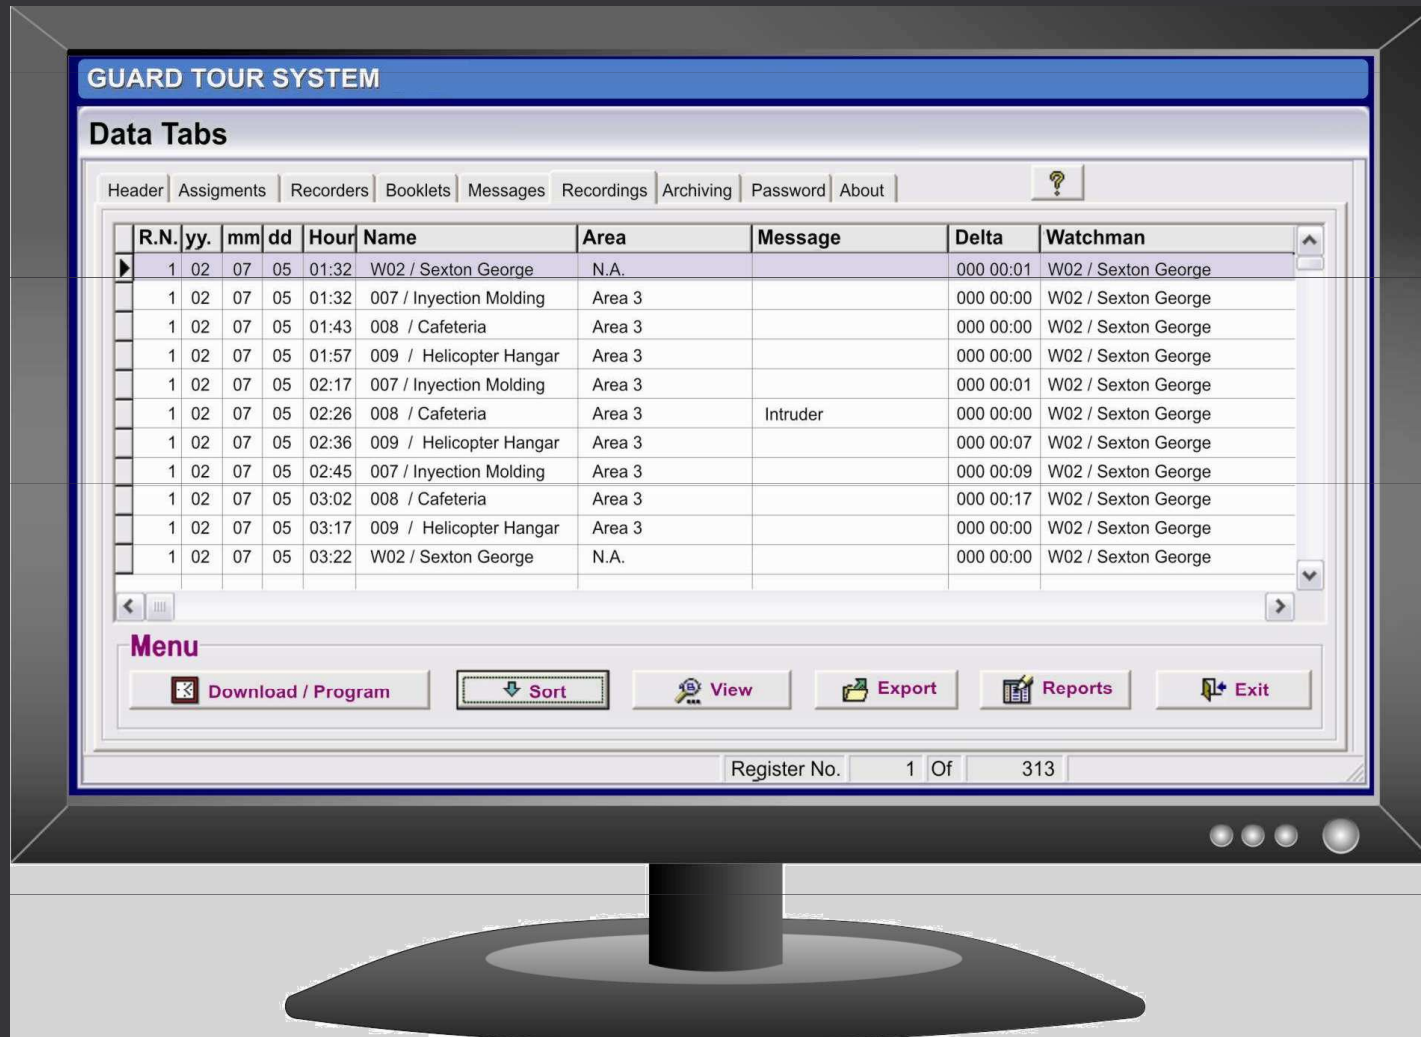

Heavy Duty iButton FOBs

- Manufactured in Nylon 66 (Zytel®) special for outdoors, impacts and radical temperature changes.

Software:

- **GuardQuest Pro:** Powerful and user friendly.
- **GuardQuest Basic:** Simple and Easy to use.

Capabilities:

Multiple Watchmen.

Multiple Supervisors.

Multiple Recorders.

Multiple Recording Stations.

Multiple Incident Messages (Keypad Booklet).

Access control (Log IN / Log OUT) of vehicles, equipment Etc.

Password Protected.

Archive Management.

Repairs Damaged Databases.

Exports Reports

Bi-Lingual operation (English or Spanish)

System Reports:

All Security Tours by Date & Time.

By Name of element to be controlled (Recording Station, Vehicle, Person, Etc)

By Type of element to be controlled (Recording Station, Vehicle, Person, Etc)

By Recorder employed.

By Incident Messages or Regular Messages.

Missed Stations Report

Performance & Exceptions Report.

Exports reports to Windows Excel or other Databases

Lists all parameters (employed components).
